

Technology based Entrepreneurship Development Programme 2017

Organized by TBI-NITC

Technology business Incubator of National Institute of Technology Calicut is organizing an Technology based Entrepreneurship Development Programmes (TEDP) to benefit educated youths (graduates in engineering/ management, arts and science and diploma holders in engineering) who aspire to be self-employed. The participants will be motivated and thoroughly guided to set up and manage small-scale industrial or service projects

This **Six weeks (One and Half month)**, full-time intensive programme will cover all aspects of entrepreneurship/ self-employment guidance. Topics such as (i) product/ project identification, (ii) procedures of starting small-scale enterprises, (ii) business plan preparation and (iv) financial and subsidy schemes for new entrepreneurs, will be discussed by specialist officers from govt. promotional depts., commercial banks/ financial institutions. Renowned industrial consultants specialized in micro and small projects, chartered accountants and prominent successful entrepreneurs will be invited to deliver lectures and offer mentoring service. The programme will also cover the technical topics like (i) food Processing (ii) Different packaging techniques (iii) Safety Standards (iv) Food preservation (v) exporting etc. The programme is scheduled to happen during **06 march 2017 to 14 April 2017** at NIT Calicut Campus.
