

NATIONAL INSTITUTE OF TECHNOLOGY, CALICUT

GA1/CSS/2017

February 8, 2017

NOTICE

Sub: Scholarships through NSP Portal – verification reg

Many of our students had applied for various scholarships through NSP Portal. The students who had approached us for verification of their application have been done by the Institute.

There are still many applications in the Institute login pending for verification and the Institute has been asked to complete the verification exercise immediately. Accordingly, all the cases where specific requests have NOT been received from the student applicants, the Institute is bound to put the same as “defective”.

Accordingly, all students are requested to verify the status of their application. In case if it is found that it is pending for verification, please approach the Academic Section of the Institute for necessary action on or before 10th February, 2017.
