

तमसो मा ज्योतिर्गमय

Training Programme on **ANALYTICAL/INSTRUMENTAL METHODS**

National Institute of Technology Calicut
Department of Chemistry

4th – 8th December 2017

Topics Covered

DNA-Drug Interactions
Antimicrobial Analysis
Protein adsorption
Electrospinning
Fluorescence Spectroscopy
Goniometer
Source meter
Optical Microscope
Polymer processing &
Characterization
Membrane Fabrication
Ultra filtration
Bar Coating
Material Morphology

Participation & Registration

Faculty/Research Scholars/PG students can register for the programme. Entry is limited to first 15 registered participants. Interested people can register through Email to the coordinators (Give your name, official address and Telephone number)

Registration Fee: Rs. 3000/-

Accommodation can be provided in hostels on Payment Basis

Last date for registration: **3rd December 2017**

Organized by: **Materials Research & Bioinorganic Research Laboratory**

Coordinators

Dr. A. Sujith (sujith@nitc.ac.in) Dr. Suni Vasudevan (suniv@nitc.ac.in)
