Preventive measures against Nipah Fever

1. Do not eat fruits bitten by birds or animals.
2. Do not drink juice from commercial outlets.
3. Wash hands properly with soap and water at least 20 sec before eating.
4. Do not go to crowded places unnecessarily.
5. Always drink clean and purified water only.
6. Keep a distance of at least one meter from people who are having fever, cold, headache & vomiting.
7. Try to avoid contact with pet animals.
