Novel Corona Virus

In the background of identification of Corona Cases in Kerala, students, faculty and staff of NITC are hereby advised to exercise caution and follow the below directions so as to manage the threat of this epidemic in NITC campus.

Common signs of infection include respiratory symptoms, fever, cough, shortness of breath and breathing difficulties.

In case of any of the symptoms above, NITC community is advised to take adequate rest and hydrate well and reach out for immediate medical attention.

There is currently no vaccine to prevent 2019-nCoV infection. So it is important to do preventive measures to control the epidemic.

The best way to prevent infection is to avoid being exposed to this virus.

Preventive measures

Avoid close contact with people who are sick.

Avoid touching your eyes, nose, and mouth.

Stay home/hostel when you are sick.

Cover your cough or sneeze with a tissue, then throw the tissue in the trash.

Clean and disinfect frequently touched objects and surfaces using a regular household cleaning spray or wipe.

Wash your hands often with soap and water for at least 20 seconds, especially after going to the bathroom; before eating; and after blowing your nose, coughing, or sneezing.

Departments are advised to procure and provide Hand Sanitizers in the department offices and in wash rooms in the department buildings.

Please avoid all public gatherings, meetings and celebrations.

Please avoid unnecessary travels and visits to crowded places like Malls/Cinema Theatres/ Beach etc.
