

National Institute of Technology Calicut

Digital Humanities in Practice: Tools, Methods, Applications

ANRF Sponsored
Workshop (Hybrid)
27-29 November 2025
NIT Calicut

अनुसंधान नेशनल रिसर्च फाउंडेशन
Anusandhan National Research Foundation

This intensive workshop is designed for scholars currently engaged in, or intending to transition into, Digital Humanities (DH). The workshop offers a comprehensive orientation to the current DH landscape in India and provides essential training in data analysis tools. Participants will gain practical expertise across the entire research lifecycle, ranging from data identification and processing to data visualisation and analysis.

- Expert Sessions (Online)
- Hands-on Sessions on DH tools (Offline)
- Trial data sets

- Data Mining
- Text Encoding and Annotation
- Data Analysis and Visualization
- Spatial Humanities & Applications

- Zero coding experience needed
- Open Source, free access Tools
- Emphasis on practical DH skills

Important Dates & Registration

- Last Date for Abstract Submission: **1 Nov 2025** (project idea or ongoing research in DH)
- Notification of Acceptance: **5 Nov 2025**
- **Total Seats: 45**
