## Minutes of the DCC Meeting on 27$^{th}$ April 2017 (Thursday)

Venue : CSE 202

Time : 11.00 am

The meeting started at 11.00 am. Dr. Saidalavi Kaladi, HOD, CSED welcomed the members to the DCC meeting. The Agenda of the meeting was to discuss the Ph.D admission policy.
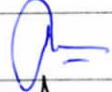

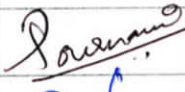

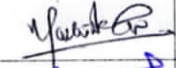

Ph.D admission policy was reviewed and it was proposed that a screening committee consisting of Head of Department, Ph.D Coordinator, Dr. Priya Chandran and any additional member from faculty will be set up to review the applications received. It was decided that exceptional students from other disciplines if satisfying the screening criteria may be permitted to appear for test.

Test question have to be designed with the understanding that "test is more of an elimination method" and interview is "for selection". Selection is based on whether the candidate has sound fundamental knowledge in Computer Science in general, and the area of interest of the candidate. Committee also checks whether there is at least one faculty member willing to guide the candidate.

It was decided that test will be conducted and syllabi will be consisting of foundation questions from Data Structures and Algorithms and Discrete Mathematics. The weightage for subjects Data Structure and Algorithms and Discrete Mathematics will be in the ratio 2:1. The test will be conducted for 90 minutes/ one and half hour.

The candidates selected in the test can appear for the interview and the selection by the committee is given to the department. After joining the department the candidate will be asked to meet the faculty member in the area of interest of the candidate. Guide selection is done with mutual agreement between a faculty member and the student
