

Department of Computer Science and Engineering
National Institute of Technology Calicut
NIT Campus (P O), Calicut- 673 601, India.

Minutes of the Email DCC held on 6th October 2015

Agenda Item: Request from Mr. Prethish C Kuruvila (Roll No. B110747CS), 2011 Admission student of CSED, seeking permission to register for an elective course as 'contact course'.

DCC considered the request from Mr. Pretish C Kuruvila (B110747CS) seeking permission to credit a department elective course (which he falls short of, for satisfying the requirements for the award of the B.Tech degree) as contact course.

Even though Mr. Pretish C Kuruvila completed the minimum credit requirements (160 credits) for the award of the B.Tech degree in Computer Science and Engineering, he is one subject short in the number of department electives required (7/8). The student did not realize this mistake earlier since he was forced to drop some electives in the third year of his study as he was having back papers during his first year and second year. During the final semester when the total credits reached 160, the student mistook that he had completed the required number of courses. The student came to know about it only now and hence could not register for the course during Monsoon 2015.

Mr. Pretish is currently employed and hence requests that he may be given permission to register for a new elective as contact course. He also requested to credit it at the earliest possible time which would be the beginning of the next semester (Winter 2015-'16), so that he can retain his employment.

Considering this as a special case, the DCC, CSED resolved to recommend the request from Mr. Pretish C Kuruvila for favourable consideration by the competent authority.
