Name & Signature of the Examiners with date :

Note:

The research scholar may present the proposed research work for about 15 minutes. Clarifications and questions related to the research work may be obtained.

The committee members can examine the research scholar's knowledge in the subject area as per the brief syllabi provided.

Results shall be finalized by the comprehensive examination committee immediately after the examination. A minimum of 60% marks is required for a candidate to pass the Oral comprehensive Examination.

Supervisors shall take copies of this format and fill the particulars of the student, title of research work, course work credited with grades, etc. and share with the members of the oral examination committee before the commencement of the comprehensive examination.
