The Secretary welcomed the members present to the 98<sup>th</sup> meeting of the Senate of the National Institute of Technology Calicut and the Chairman, Senate called the meeting to order at 3.00 PM.

### **S 98.1: Recommendations of the 67th Meeting of the BoAC (Approval of the list of graduands for the 20th Convocation of the Institute)**

#### **Background**

*Dean (Academic) presented the detailed list of graduands for the 20th convocation of the institute. The Senate was informed that a total of 1978 graduands (1169 B. Tech, 57 B.Arch, 442 M.Tech, 94 M.Sc, 23 M.Plan, 56 MCA, 44 MBA and 93 PhD) shall receive the degree at the 20th Convocation scheduled on September 7, 2024. The list of gold medalists for the undergraduate and postgraduate programs for the academic year 2023-2024, along with the special award recipients, was also presented by the Dean (Academic). Additionally, the statistics regarding the graduating students for the academic year 2023-2024 were also presented. The list was placed for the approval of the Senate.*

**Decision:**

The Senate resolved to approve the list of graduates ([UG](#), [PG](#), and [PhD](#)), who are to receive degrees during the 20th Convocation, subject to clearing of dues to the institute (if any), which will be presented to the Board of Governors of the Institute. The Senate also approved the list of gold medalists for [UG](#) and [PG](#) programs for the year 2023-2024, as well as the list of recipients of the [Special awards](#). Additionally, the Senate entrusted the Chairman, Senate with the task of including any other graduand, who becomes eligible for the award of a degree after the Senate meeting but before the 20th Convocation. Any further graduates, who fulfill these criteria shall be reported at the next Senate meeting.

**S 98.2: Any other matter with the permission of the Chair****a) Preparing guidelines for awarding Honorary Doctorate degree to eminent personalities in various walks of life****Background**

*Many CFTIs in India award Honorary Doctorate degrees to eminent personalities from various walks of life. In view of this, there is a proposal to develop guidelines for awarding Honorary Doctorate degrees to distinguished individuals by NIT Calicut. In this regard, it is proposed to form a committee to prepare the necessary guidelines. The proposal was placed before the Senate.*

**Decision**

The Senate decided to defer the item for consideration at a later stage.

**S98.2: b) Preparing alternative procedure and modalities for conducting convocation ceremony in future****Background:**

*In the forthcoming 20th Convocation of the institute, 1,570 graduands will be attending in person to receive their degrees. It is anticipated that the number of students receiving their degrees in person will increase in the coming years due to the rise in intake on account of EWS reservations, new programmes and self-sponsored PG and PhD programmes. In recent years, it*

*has been observed that conducting the convocation ceremony, which accommodates over 3,500 people, including graduating students and their parents, requires tremendous effort from the faculty, staff, and students. Therefore, it is crucial to consider alternative ways of conducting the convocation. Moreover, we have plans for starting many new programmes in the coming years. Additionally, there is a proposal from the Ministry to increase the intake by 30% over a period of 4 years to enhance the GER. With the increasing number of graduands each year, our current infrastructure is insufficient to host such a large-scale event, and the duration of the ceremony is likely to extend beyond six hours, making it increasingly challenging to manage effectively. Hence, it is proposed to constitute a committee to study the convocation procedures of institutions with large numbers of graduands and to propose suitable procedures and modalities for conducting the convocation ceremony. The committee shall consult important stakeholders to gather insights and ensure the proposed solutions are comprehensive and practical. The proposal was placed before the Senate for consideration.*

**Decision:**

The Senate, after detailed deliberations, decided to constitute a committee to devise alternative procedures and modalities for conducting convocation ceremonies in the future.

The Chairman, Senate nominated the following members to the committee:

1. Dr. Sathidevi P S, Professor (HAG), ECED
2. Dr. Sameer S M, Professor, ECED
3. Dr. Parameshwaran P, Professor & HoD, CHY
4. Dr. Sindhu T K, Professor & HoD, EED

The committee is requested to submit its report for the consideration of the Senate.

**S94.3.2: c) Consideration of the request by PhD scholar Ms. Sangeetha M (P150027CE) for registration to Monsoon Semester 2024-'25.**

**Background:**

*Ms. Sangeetha M. (Roll No. P150027CE) joined as a full-time research scholar (Institute fellowship scheme) in the Department of Civil Engineering in July 2015. She has completed 9 years (including the 6 months of relaxation granted on account of COVID and the Senate permission for 6 months extension granted during Winter semester 2023-24). She has so far published five conference papers and one book chapter. Moreover, it was informed that one journal paper is under review. Ms. Sangeetha has requested for an extension of her PhD*

*registration for a period of 6 months to complete the thesis submission and related formalities. As per the work plan proposed by her, the Open presentation, Synopsis submission and Thesis submission will be completed during this extension period. Her request, which was recommended and forwarded by the doctoral committee, is placed for the approval of the Senate.*

**Decision:**

After considering the justification provided by the supervisor of the research scholar and HoD-CED, the Senate resolved to approve the extension of the registration for the PhD scholar until 30th October 2024, and to allow the submission of the PhD thesis as per the plan approved by the Doctoral Committee.

The meeting concluded at 4:30 PM with thanks to the Chairman.
