Online Education

1. Does all programs/courses were completed on time.	Yes
--	-----

2. Measures taken to complete the syllabus of courses and programs.		National Institute of Technology Calicut has procured a dedicated online learning management tool – A Moodle based cloud hosted Learning Management System integrated with Webex video conferencing system. The entire classes were conducted using this system through online mode by following the regular slot system itself so that there was no time loss. Faculty members and students were actively using the new system to ensure an effective teaching- learning process. The examinations and other evaluations were also conducted through this platform ensuring maximum possible fair and equitable testing. Extra care was taken to accommodate students having poor internet connectivity and other related difficulties. The laboratory courses were also completed through online mode. Even though the practical courses were affected more in online mode of education, faculty members and administration of NIT Calicut took extra efforts to the maximum extent possible in order to make sure that the quality of learning for the students was not compromised. Many new virtual lab tools were explored and implemented during that period which allowed the students to conduct various experiments without any constraints on place or time. The academic year 2021-22 was started completely through online mode. However, once the restrictions due to Covid was raised, the students were brought back to the campus in a phased manner. The Institute authorities ensured maximum safety for its inmates. The health centre on campus ensures the physical well-being of the students. The students and staff get good medical care through the health centre facility. There is an established student guidance cell offering services of professional counsellors 24x7 to ensure the physical and psychological well-being of students. It is interesting to note that Faculty members and students are using the tools procured during online period in offline classes also. This makes the teaching learning process more effective as compared to the usual offline mode of teaching.
